

# CAMPEP annual report review

Bruce Libby, PhD, FAAPM

Senior Member, Moffitt Cancer Center

Chair, CAMPEP REPRC

1. FTE support for PDs
2. How much educational funds (outside of salaries and program operating costs) are provided to residents for educational/professional purposes
3. How many programs plan to continue in the match next year
4. How much research are residents in 2-year programs actually doing

# Follow directions!

**Q76**

During this reporting period (July 1, 2023 - June 30, 2024), how many hours per week of clinical service support were REQUIRED during their residency?

1500

---

# Program support for PDs (CAMPEP standards)

- 6. Institutional Support
- 6.1 The organization that sponsors the residency program shall provide administrative support, including clinical and educational resources, budget, residents' office or cubicle space and access to computing resources, conference room(s), audiovisual facilities, and office support (e.g. copiers, internet access, email account, and telephones).
- 6.2 The institution must express its intention to support the program both financially and administratively for the term of the accreditation.
