

Worried about the upcoming residency interview season??

Join us for this SDAMPP member-only webinar to learn about effective strategies for interviewing residents while maintaining a comfortable and professional atmosphere!

Strategies for Program Directors: The Interview Process for Clinical Residencies

Speakers:

Dave Pearson (Univ. of Toledo)

Kristi Hendrickson (Univ. of Washington)

Titania Juang (UCSD)

Moderated by Hania Al-Hallaq (Univ. of Chicago)

FRIDAY NOV 9 (11AM PAC/2PM EST)

Learning Objectives:

- 1) Review strategies for conducting efficient and effective resident interviews
- 2) Summarize findings of bias and their effects on residents during clinical physics interviews
- 3) Discuss factors used by residents to rank their residency preferences
- 4) Learn from program directors about their strategies for conducting effective interviews

***This is a unique setting for program directors and key faculty only to discuss the interview process – please note that this webinar is limited to SDAMPP members only. We appreciate your cooperation!
